

## **Getting Started:**

To view the map, simply open the app and the campus map will be display. To search for a specific location, click on the search bar at the top of the screen and type in the name of the location you are looking for. The map will display the location and provide directions.

To zoom in and out of the map, use the “+” and “-” zoom buttons located at the top right of the screen.

To change the map view into a specific building, click on the layers button located at the bottom left of the screen. You can select from a variety of building, including Middlesex College, Western Science Centre and Physics and Astronomy Building

## **POI and Favorite:**

To view the available POI, click on the menu button located at the top left of the screen and select "Points of Interest".

To view a specific POI, click on the icon on the map or select it from the list of POI.

To add your own POI, click on the map at the desired location and select "Add POI". Enter the name of the POI and select the appropriate category.

To view your saved POI list, click on the menu button located at the top left of the screen and select "My POI".

## **Settings:**

To access app settings, click on the menu button located at the top left of the screen and select "Settings". Here, you can adjust settings such as units of measurement and language.

To clear your search history, click on the menu button located at the top left of the screen and select "Clear History".

Contact Us:

If you have any questions or issues with the app, please contact us at [support@campusmapapp.com](mailto:support@campusmapapp.com). We are always happy to help!

Thank you for using our campus map viewing app. We hope this help menu has been helpful in navigating the app. If you have any feedback or suggestions, please don't hesitate to reach out to us.
